Thanks Ramon, I accepted all of your edits, addressed your questions, and cleaned up a couple of editorial things. I also changed the name of the document. I'll forward to all that were on the invite to yesterday's meeting. I'm not sure how to get Monday's meeting changed to the smaller list you want since David Hockey sent the invite, but hopefully Greg will take care of that part.

Thanks,
Glenn

Subject: RE: Draft of Topics for Principals Discussion

Hi Glenn,

Thanks for the document. Attached please find my revised version. I believe that we need to focus on addressing the three issues Dimple (OGC) and Larry S. (OECA) brought to our attention. I think this paper clearly summarized our position and the ask to the Principals (only one ask related to the discharge limits). Greg is out today, please share this with David and the share of the team. I spoke with Greg last night and agree that the meeting on Monday should be with OLEM decision making manager (Dana, Larry D., Brigid, Greg and me) to ensure we are all in the same page to discuss this matter with OGC and OECA later in the week (hopefully next Thursday). Based on the results from the meeting with OGC and OECA, we can adjust the paper and prepare John and Carol for a briefing with the Principals. Thanks you all for working so hard in this matter, have a great weekend.

Thanks,

Ramon Torres,

Acting Director
Superfund & Emergency Management Division

Ramon and Randall,

Hopefully this is close to what you are looking for to send to the group we met with today and to use for next weeks meeting. Please let Cathy and I know if you have any comments, edits, or suggestions. When I hear back from you, I can share it with those in our meeting today, if you would like me to.

Thanks,

Glenn
